### HOLD + SECURE

We will be conducting a ten-minute Hold and Secure drill on Oct 15 @ 9:40am. Hold and Secure drills, also known as a code yellow, are to practice what to do in the event where there is a perceived threat outside (For example, a coyote, an argument, etc.).

During a Hold and Secure drill, students will be asked to continue their regular school day, but remain inside the school with outside doors closed.

For most students, this drill in addition to other drills will be a routine learning opportunity. For others, a reminder about these drills at home may be helpful

# PAC Budget Meeting

# A DAY IN OUR LIVES

division 17 and 18

Division 17 and 18 have been learning how to create tie-dye shirts as part of the Arts Education and ADST curriculum. The students have explored the importance of complementary colours and the necessary steps to create their designs, including identifying the materials needed for their design, creating and carrying out a plan and making changes as necessary. We are very proud of what the students were able to demonstrate and accomplish in their learning.
