## **Instead of a Newsletter . . .**

Dear Parents/Guardians,

As we move more and more into the digital world of the 21<sup>st</sup> Century we are trying new things with communicating with you. In the past the main form of communication has been a monthly newsletter. In order to be more timely we are now using the following communication methods.

- Direct emails to you to communicate reminders and upcoming events
- [News Posts](#) on our website for upcoming school and district special events
- [School Story posts](#) on our website about student learning

We hope that you find this new way of communicating efficient and effective. We are always happy to hear your feedback via email at [Anderson@sd38.bc.ca](mailto:Anderson@sd38.bc.ca)

Yours truly,

C. Brautigam  
Principal
